

Sedra Mazen Hosh

Web Developer & QA Engineer

Damascus, Syria · +963 935 748 439 · sedsedra56@gmail.com · github.com/sedrahosh

Profile

Computer Engineering graduate working as a Web Developer, with hands-on experience in Laravel and CMS development and in quality assurance. I build websites, test them, report and follow up on issues, and work directly with clients on feedback and requirements.

Work Experience

RMZ

Web Developer

2025 – Present

- Develop Laravel websites and custom CMS admin panels using Blade, Livewire and Tailwind CSS.
- Built and managed the RHB platform end to end as the sole developer and project manager.
- Test websites for functionality, UI, responsiveness and cross-browser behavior; report bugs and verify fixes.
- Worked as QA Engineer on a FinTech project: manual, functional, UI and regression testing.
- Attend project meetings, review client feedback and communicate requirements and changes with clients.

MadFox Business Solutions – Damascus, Syria

MadFox specializes in fintech studio and e-commerce services

Front-End Developer Intern

2024 – 2025

- Built web pages using HTML and CSS.
- Developed interfaces with Bootstrap and Tailwind CSS.
- Converted Figma designs into responsive websites.
- Created interactive components with JavaScript.
